You can make a difference!

The Magnuson Advisory Council is a group of citizens dedicated to the enrichment of our community. Its support enables us to offer a variety of programs and services for people of all ages, abilities and backgrounds. Our Advisory Council is always looking for new members. Meetings are held on the third Wednesday of every month to talk about programs, policies, and financial issues. Citizen direction and participation are vital to our continued success. Advisory Council members also create scholarship opportunities through grant writing and other fundraising activities. If you'd like to get involved, please contact our staff. Most classes, workshops, sports and special events are funded through the Advisory Council rather than through Seattle Parks and Recreation. Revenues generated through program fees offset program costs to make Advisory Council activities self-sustaining. We rely heavily on program participation, donations, and contributions to buy, repair, maintain, and upgrade program equipment and supplies.

E-Brochures are available!

In keeping with our environmental stewardship policies, we're trying to reduce the amount of paper we use. We invite you to visit our web site at www.seattle.gov/parks. You can find this brochure information online.

GreenStage has been presenting free productions of classic theatre in the Seattle area since 1989. Sponsored by the Seattle Parks and Recreation and housed at Warren G. Magnuson Park, GreenStage offers two plays by Shakespeare running in repertory every summer at Magnuson Park. The summer program reaches over 8000 people annually, and the company has produced 29 of the 38 plays in Shakespeare's canon. The American Classics Series was born in 2002 at Magnuson Park, and has been growing ever since. All performances by the company are presented for free and donations are taken after the show.

Do you like to get your hands dirty? Come and learn the basics of ceramics in this fun-filled class of creation. Students will learn some basic hand-building skills; and will be given the opportunity to explore other mediums. The instructor encourages students to express their thoughts and ideas using clay as their main artistic medium. Specific projects are demonstrated, but ultimately students are encouraged to create their own personal works of art. The instructor is a local artist and teacher with a B.A. in English and an Elementary Teaching Certificate from Seattle Pacific University.

GENERAL INFORMATION

Register Online!

In keeping with our environmental stewardship policies, we're trying to reduce the amount of paper we use. We invite you to visit our web site at www.seattle.gov/parks, where you can find our seasonal brochures and register for many of our courses online.

Suggestions

We welcome your ideas. If you want to suggest a new class, or if you have an idea you think would benefit us or our community in general, please let us know.

Interested in teaching?

We're always looking for top quality instructors to offer unique courses. We choose class offerings based on participants' interest and space availability. If you have a special talent, skill, or knowledge you would like to share with others in a class or workshop format, please call us at 206-684-7026.

Anti-discrimination

As a matter of policy, law, and commitment, Seattle Parks and Recreation does not discriminate on the basis of race, color, sex, marital status, sexual orientation, political ideology, age, creed, religion, ancestry, national origin, or the presence of any sensory, mental, or physical handicap.

Accommodation for people with disabilities

We will make reasonable accommodation, upon request, for people with disabilities. For sign language interpretation, auxiliary aids or other accommodations, please call 206-615-0140 or TDD 206-684-4950. Please allow 10 working days' advance notice. If a class or activity is scheduled in an area that is not accessible for wheelchairs, we will make every effort to help you find a similar program in an accessible location.

More information

For information about Parks and Recreation facilities, recreation programs, picnic shelters, and scheduling, please visit our web site at www.seattle.gov/parks, or call our public information line, 206-684-4075. For more information about programs for senior adults, please call 206-684-4951, and for information about programs for special populations, please call 206-684-4950.

Scholarships

Magnuson Advisory Council wants to ensure that our activities, classes and sports are available to everyone, regardless of their ability to pay. The Council may choose to offer scholarships for qualified applicants. To apply for a scholarship, please talk to a member of our staff.

Payment

You can pay for classes and other activities by mail, online, in person during regular facility hours, or by telephone with a credit card. We accept Visa, MasterCard and American Express. Please make checks and money orders out to City of Seattle. PLEASE NOTE: Payment is due when you register, unless we have indicated otherwise. If your check is returned for insufficient funds, your registration will be cancelled until you pay the amount due, plus a \$20 fee. (Credit card or cash only.)

Fees and charges

Magnuson Advisory Council provides the programs and activities listed in this brochure under an agreement with Seattle Parks and Recreation. Fees collected by the Advisory Council are used to offset the cost of providing the programs. Program charges include user fees paid to Seattle Parks and Recreation to defray operating costs. Class and program fees include Washington State sales tax where applicable.

Waiting lists

We will create waiting lists for all filled classes. Please be sure to sign up if you are interested in a class that is full, because class openings often become available. If demand is high, we will try to form another class. Please contact us for space availability at 684-7026.

Refunds

It is the policy of Seattle Parks and Recreation and the Associated Recreation Council that:

Anyone who registers for a class, camp, special event or program that is cancelled for any reason by Parks and Recreation or the Advisory Council will receive a full refund.

Anyone who registers for a day camp, trip, overnight camp, special event, or facility rental, and who requests a refund 14 days or more before its start (or before the second session of a class), may receive a refund minus a service/deposit charge.

Anyone who registers for a day camp, trip, overnight camp, special event, or facility rental, and who withdraws from the activity fewer than 14 days before its start (or after the second session of a class) will receive no refund.

If a participant drops a class for which he or she is registered prior to the second session of a series, the course will be refunded less \$5 or 10% of the fee (whichever is greater). If a participant drops a class for which he or she is registered after the second session of a series, the course will not be refunded.

Class cancellations

To cover the cost of providing a program, we need a specific number of participants. If too few people sign up for a class, we must cancel it. We'll notify you (at the latest) one or two days before the class start date. When possible, we will postpone a cancelled class for a week to allow for more enrollments; if the class minimum is not met by then, we will have to cancel it.

Confirmations

Sorry, we cannot confirm class registration by mail or phone, but we will notify you by phone if your class is postponed or cancelled.

The Pro Parks Levy is making a difference in your community

With funding approved for this eight-year levy by Seattle voters in 2000, we're building new parks, enhancing maintenance, and expanding programs throughout the city. Our recreation facilities are providing innovative teen programs that enhance self-esteem and build life skills, more environmental education to increase awareness about the wonders that surround us, swimming lessons for all 3rd and 4th graders to make sure every Seattle child knows how to swim, a wider range of activities for seniors, and more.

We're cleaning and removing litter from our facilities and parks more often; expanding park maintenance in the summer months, when use is high; and working hard to maintain our valuable landscapes, trees, and other natural assets. Whether you prefer sports or quiet contemplation, there are more active play area and passive park lands available for you. New things are happening every day, so keep an eye out for Pro Parks Levy signs in your neighborhood!
